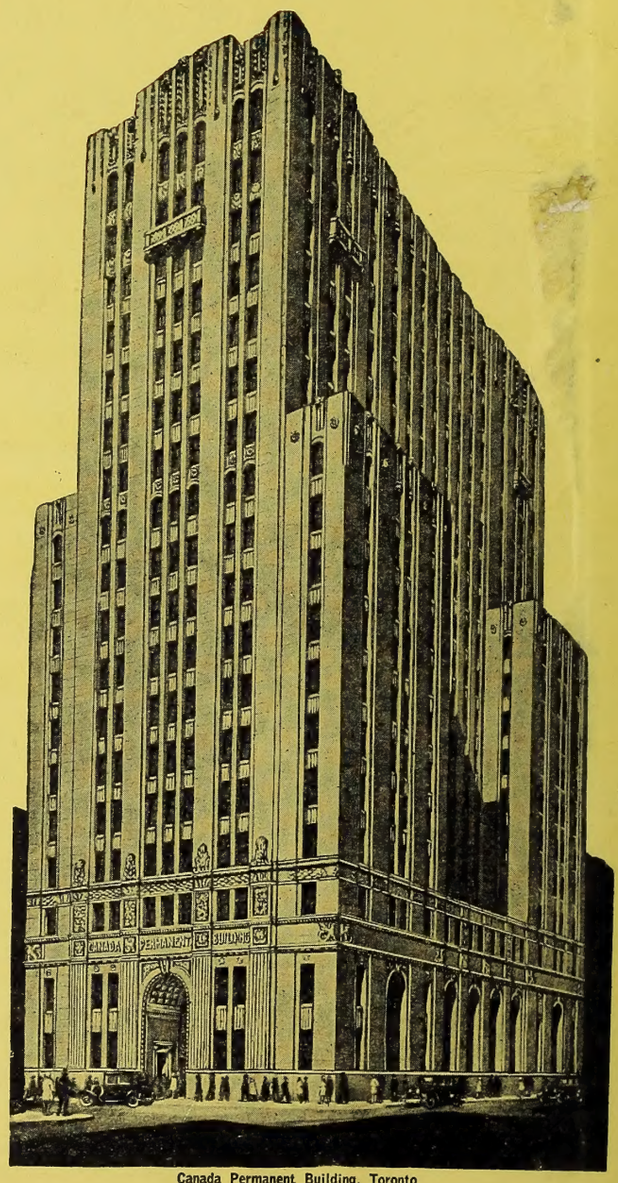
LIBRARY

Ninety-nine years is a long time in the history of this young Canada of ours, yet during all that period we have been safeguarding and assisting in the increasing of the savings of many thousands of Canadians. The steady progress the Corporation has made bears testimony not only to the confidence investors have in this old institution, but also to the unexcelled facilities we extend to depositors.

A LEGAL DEPOSITORY FOR TRUST FUNDS



The Corporation makes a special feature of Savings Accounts and welcomes the small depositor. Withdrawals may be made by cheque.

SPECIAL RATES OF INTEREST ARE ALLOWED

on moneys deposited for fixed terms of two to ten years, for which debentures are issued for sums of $100 and upwards, which debentures are

• A SIGN OF GOOD FRIENDSHIP

This Publication Is The Product of A Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of a satisfactory Directory.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1 To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

HOW TO USE YOUR CITY DIRECTORY

The new and improved Toronto City Directory is the most complete and comprehensive catalogue ever published of the inhabitants, business concerns and institutions of the city.

The revised form and new features exemplify the efforts of the Publishers to add to the utility and value of the Directory to its daily users and to make it an even more worthy representative of an outstanding city.

The major sections in the City Directory are arranged in the following order for ready reference:

1. *INTRODUCTION AND MISCELLANEOUS*
2. *CLASSIFIED BUYERS' GUIDE*
3. *ALPHABETICAL SECTION*
4. *HOUSEHOLDERS' AND STREET GUIDE*

(Particular attention is called to the arrangement of sections as above.)

We believe that the following list of typical questions, many of which the Directory will be daily called upon to answer, will serve to indicate both the types of information available and the sections in which it may be readily located.

THE TORONTO HARBOUR COMMISSIONERS

The Port of Toronto, through continued expansion and planned development, has become one of the most modern harbours on the Great Lakes with a cargo tonnage placing it among the leaders of both Canadian lake and sea ports

Under the direction and administration of The Toronto Harbour Commissioners, with the co-operation of the City Council and the Dominion Government, Toronto Harbour has experienced very marked improvements in navigation, commercial and industrial facilities. Two large waterfront industrial areas have been created almost entirely out of non-revenue producing marsh lands and lands previously covered by water.

Serving these two areas are concrete wharves and piers; ten miles of modern dockage; 32 miles of terminal railway track owned or controlled by the Commissoners; perfect co-ordination of rail, water and highway transportation; wide streets and all modern conveniences and accommodation for industrial and commercial establishments.

The extent and beneficial importance of Toronto Harbour developments to the City and the impetus given the City's commerce by waterborne trade are intangibles difficult of measurement. A tangible result, however, is seen in the payment during 1953 of some $2,700,000 in taxes, made to the City by industry and manufacturers located on lands created by the Harbour development.

Following is a table of waterborne traffic cargo tonnage at Toronto Harbour:

1930	1,292,864
1935	3,020,130
1942	3,692,017
1952	4,443,020
1953	4,707,133

Generally, material improvement in the physical condition and commercial importance of Toronto Harbour date from the inception in 1911 of the present method of administration by The Toronto Harbour Commissioners.

In addition to industrial developments, the Commissioners, working to a planned programme, have reclaimed park and recreatonal areas, one of which is Sunnyside Beach near the western entrance to the City. Known as Toronto's lakeshore playground, Sunnyside extends from the Humber River eastward for a distance of one and three-quarter miles.

Also extending easterly from the Humber River to Leslie Street, a distance of approximately 7 miles, is the cross-town waterfront highway made possible by the waterfront development, and with, for the most part, a minimum pavement width of 50 feet.

The Toronto Island Airport and Seaplane Base, located south of the Western Channel entrance to Toronto Harbour, is operated by the Harbour Commissioners for and at the expense of the City. It is located approximately one and one-half miles from the Union Station.

The Toronto-Malton Airport, located to the north-west of the City of Toronto, is also administered by the Harbour Commissioners, the airport proper being leased to the Department of Transport. Air service between Toronto and principal Canadian and American cities is provided by regular scheduled flights by Trans-Canada Air Lines and American Air Lines to and from this airport.

TORONTO—INDUSTRIAL FACTS

Toronto is the home of 4300 manufacturing plants, representing a diversity of manufacturing that covers the whole alphabet. In this city is located the largest concentration of British and United States branch plants to be found anywhere in the Dominion.

Some of the fields of production in which Toronto is outstanding are meat packing; electrical apparatus and supplies; rubber goods; machinery; pharmaceuticals; and printing and publishing.

INDUSTRIAL DEVELOPMENT

There are approximately 4300 manufacturing establishments in Toronto and suburbs. Toronto has twice as many branches of British and United States firms as the next ranking centre in Canada. The gross value of manufactured products in 1950 was $2,024,000,000. There are in the Toronto area 187,000 industrial employees, and the 1950 manufacturing payroll approximated $465,000,000.

Toronto is firmly established as Canada's leading industrial and distributing city. It is the immediate centre of the largest and wealthiest consuming population in Canada (one-third of the buying power of the entire Dominion market is concentrated within a radius of 100 miles), and it is the centre of Dominion-wide business and wholesale trade. It is also a favorable base for world-wide export trade, which is one of the outstanding features in Canadian industrial development.

The volume and diversity of Toronto manufacturing provide under normal conditions plentiful and efficient labor, skilled and unskilled, male and female, in fact it is the provincial clearing house for labor.

Toronto has excellent transportation facilities with many sources of raw and semi-manufactured materials in close proximity. Rail, water, highway and air communications radiate from Toronto giving efficient low-cost distribution.

Splendid industrial sites are available in the harbor, in other zones within the city limits and in its industrial suburbs. It has electric power at cost and it is one of the financial centres of the North American Continent.

The Toronto Industrial Commission, Canada Permanent Building, 320 Bay Street, Toronto, is the official industrial commission for the City of Toronto and covers 40 adjacent municipalities, ranging in population from 1,000 people to the city of Toronto with 666,000 persons.

Many other statistics show how rapid and sizeable has been the city's business growth. Consider the large increase in the number of telephones—the pulses of city commerce in Toronto.

The increase in the number of telephones in service since 1946 is as follows:—

December 31st, 1946	314,033	December 31st, 1950	418,645
December 31st, 1947	340,519	December 31st, 1951	435,395

TORONTO—EDUCATIONAL FACTS AND SCHOOL STATISTICS

Toronto has 22 libraries—a Public Reference Library, including a special Business and Technical Section, corner of College and St. George; Central Circulating Library, 20 St. George Street (with Robertson Collection of Canadian prints, Circulating Picture Collection, and Educational Film Library on third floor, and Music Library on Mezzanine floor); Central Reading Room, entrance on College Street; Boys and Girls House, 40 St. George St.; and 18 branch libraries. There are also numerous smaller libraries in hospitals 3, settlements 2, schools 32, in homes for the aged 13, in community centres 2, and the Mercer Reformatory 1. The use of books in 1953 was 4,459,788 volumes. Books in all libraries total 859,700.

Toronto offers unusual educational, religious, recreational and home facilities to the working man; sane labor laws honestly and ably administered, all result in satisfied and satisfactory emloyees.
